

## **TERRARIUM PRODUCTS – COCO/ COCONUT PEAT FOR ANIMAL BEDDING**

Coco peat is fast replacing all other sorts of animal bedding products world over and they come as

- Briquettes
- 5 kg bales
- Or any other form according to your requirements.

### **For whom?**

- For anybody who keeps horses
- For organic cattle farmers, Poultry farmers and rabbit farmers
- For those who keep gerbids and exotic animals as pets
- For those who keep snakes, frogs and Reptiles

### **What are the benefits?**

- It absorbs moisture better than any other bedding medium – 1 kilo can absorb 10 litres
- It is easy to lay and easy to remove and is without fine dust particles
- It carries no pathogenic agents
- It reduces pests more than 90% - no worms and has no bad odours
- It frees horses from breathing problems and is ideal for horses that are allergic to dust
- It ensures hooves' health by safeguarding them from infections of hooves.
- It has cushioning effect for horses, so horses are comfortable and it reduces discomfort of limbs and ligaments by preventing fatigue of them
- One 25 kg bale can cover 3.6 sqm – just 3 bales for three months, so it is economical.
- It is 100% organic, cost effective easy to use and has an after use as a medium to add to richness of soil in cultivation and gardening after used.
